WGEO
WORLD GREEN ECONOMY ORGANIZATION

The World Green Economy Summit 2023 is set based on the theme of Climate action leadership through collaboration: the roadmap to net-zero.

Overview

The World Green Economy Summit is one of the leading global forums on the green economy and is co-organized by WGEO. It brings together world-class experts in critical sectors from around the world to directly focus on advancing the global green economy and sustainability agendas, achieving the United Nations Sustainable Development Goals and implementing the Paris Agreement. The WGES is the premier international platform to drive dialogue and action amongst industry stakeholders and build partnerships and collaboration by connecting creative minds across different sectors.

The summit showcases innovative solutions and leading practices to inspire change and aims to align stakeholders with policymakers to create a facilitative environment and ecosystem for sustainable green growth that addresses current and future needs.
