

World Green Economy Summit

Dubai, UAE

including Development Finance and SDGs Trainings, Festivals and Exhibitions

Overview

The World Green Economy Summit is one of the leading global forums on the green economy and is co-organized by WGEO. It brings together world-class experts in critical sectors from around the world to directly focus on advancing the global green economy and sustainability agendas, achieving the United Nations Sustainable Development Goals and implementing the Paris Agreement. The WGES is the premier international platform to drive dialogue and action amongst industry stakeholders and build partnerships and collaboration by connecting creative minds across different sectors.

The summit showcases innovative solutions and leading practices to inspire change and aims to align stakeholders with policymakers to create a facilitative environment and ecosystem for sustainable green growth that addresses current and future needs.

Themes (SDGs Festival, Exhibition, Trainings)

Financing for Sustainable Development

The Summit will take a closer look at the progress made towards achieving the SDGs, especially across the private sector, while addressing the obstacles slowing down the green economy transition.

International Cooperation Towards a Green Economy System and Financial Architecture

The Summit will discuss the significance of international cooperation and partnerships in addressing global challenges and promoting sustainable development worldwide.

Adoption of Green Innovative Solutions and Financial Instruments

The Summit will look into ways in which we can spur innovation for sustainable development and economic growth, and scale existing innovations across markets and geographies.
